

# A319 SERIES

## DESCRIPTION

The arm shall be HCI A319-\_\_\_\_ (specify configuration) arm, consisting of cast aluminum arm(s) clamping onto a pole shaft. Wall brackets shall be welded to a cast aluminum wall plate.

## MATERIALS

The arm shall be a one piece casting with decorative finials. All hardware shall be tamper resistant, stainless steel.

## CONFIGURATION

A variety of configurations is available, some of which are illustrated below. Those not illustrated are noted in the bottom left-hand corner. Non-standard configurations may be feasible, please consult factory for details.

## INSTALLATION

Post top arms shall clamp onto a 3" OD pole shaft. Arms shall be equipped with 2" diameter openings to accept fixture tenons. *Post top* arms are not pre-wired and shall be wired by the contractor. *Wall brackets* shall be pre-wired, with a 12" slack for ease of wiring to source on the wall side and for wiring with wire nuts on the fixture side. Mounting hardware for wall brackets is not included.

## FINISH

All applicable parts shall receive a standard electrostatically applied thermoset polyester powder coat smooth semi gloss finish with a four part corrosion inhibiting process.

## COLORS

The five standard RAL colors are listed below. Simply check off the color applicable to your project. Custom colors are available for an additional charge. Please supply a 2" x 2" paint chip.

- Black** RAL 9011
- Green** RAL 6005
- Bronze** RAL 8019
- Grey** RAL 7012
- White** RAL 9016
