

A377 SERIES

DESCRIPTION

The arm shall be HCI A377-____ (specify configuration) arm, consisting of a bent arm with a decorative double scroll, mechanically fastened onto a central column.

MATERIALS

The arm shall be made of 2-7/8" OD x 3/16" thick aluminum extrusion welded onto a cast aluminum plate. The scrolls shall be made of 1-1/2" x 1/4" aluminum flat bar.

CONFIGURATION

A variety of configurations is available, most of which are illustrated below. Additional options are noted below in the bottom left-hand corner.

INSTALLATION

Arms shall be equipped with 2" ID tenons or square flat mounting plates for fixture mounting, depending on the fixture mounting options. Arms are not pre-wired and shall be wired by the contractor. Mounting hardware is not included.

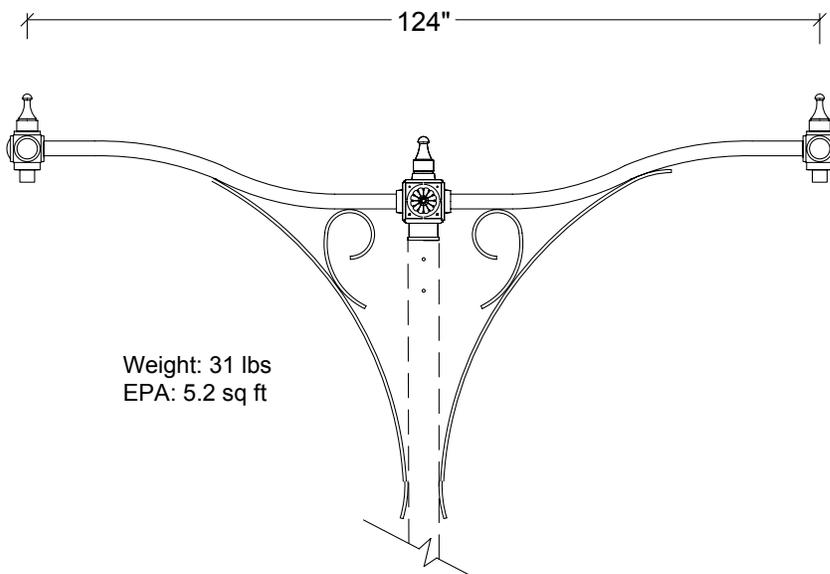

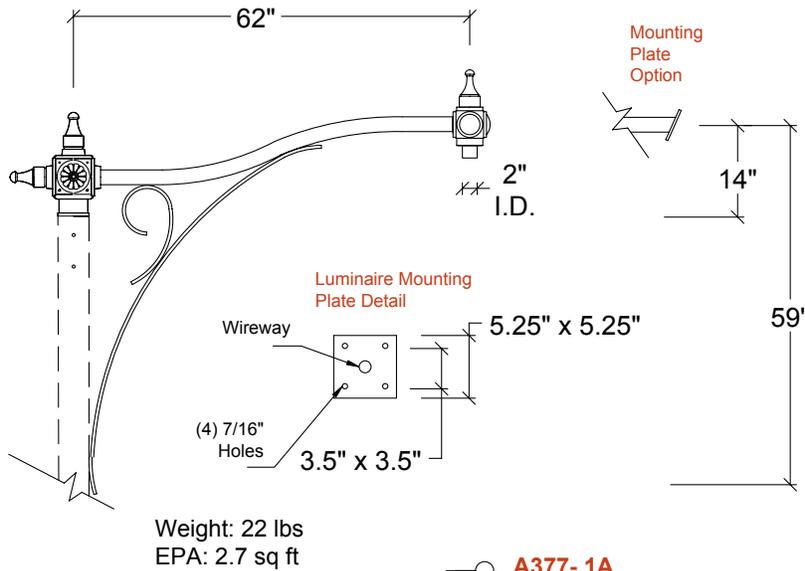

FINISH

All applicable parts shall receive a standard electrostatically applied thermoset polyester powder coat smooth semi gloss finish with a four part corrosion inhibiting process.

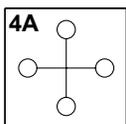

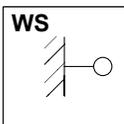

COLORS

The five standard RAL colors are listed below. Simply check off the color applicable to your project. Custom colors are available for an additional charge. Please supply a 2" x 2" paint chip.

- Black** RAL 9011
- Green** RAL 6005
- Bronze** RAL 8019
- Grey** RAL 7012
- White** RAL 9016
