F101 LED Series Post Top

Description

The F101 Series luminaire shall consist of an injection molded UV stabilized acorn-shaped diffuser, an internal optical system and a mechanically fastened slip fitter. The diffuser is secured to the gasketed fitter with stainless steel hardware. The cast aluminum fitter shall house an LED assembly. The LED shall feature quick disconnect plugs for easy maintenance. The LED is a factory wired, tested and mounted on a keyholed cast aluminum plate.
All electrical components are UL listed and labeled.

Specification

Housing
Made from heavy duty cast aluminum to withstand harsh weather.

Hardware
All exposed hardware is made of durable stainless steel, with industrial strength seals.

Interior Design & Optical
Energy efficient LED driver is mounted on a removable plate, with quick disconnect wiring to allow easy driver maintenance.
L70 at 50,000 hours with CRl⩾70.

Exterior Design & Finish
Luminaire is designed to fit post top mounting or pendant mounting with our ornamental arms and poles, and is suitable for wet locations. Finish is electrostatically applied with thermoset polyester powder-coat.
