

F126 LED Series Post Top

Description

- The F126 Series luminaire shall consist of an cast aluminum hood assembly, an aluminum cage, a multi-panel diffuser, and an internal optical system and a slip fitter (capital)
- The hinged hood, equipped with a cast aluminum finial, shall rest on the cage, which shall consist of eight diffuser panels, cast aluminum struts and a cast aluminum ring mechanically fastened together with stainless steel hardware to the gasketed fitter.
- All electrical components shall be UL listed and labeled.
- Powder coated finish

Specification

Housing

Made from heavy duty cast aluminum to withstand harsh weather.

Hardware

All exposed hardware is made of durable stainless steel, with industrial strength seals.

Interior Design & Optical

Energy efficient LED driver is mounted on a removable plate, with quick disconnect wiring to allow easy driver maintenance.

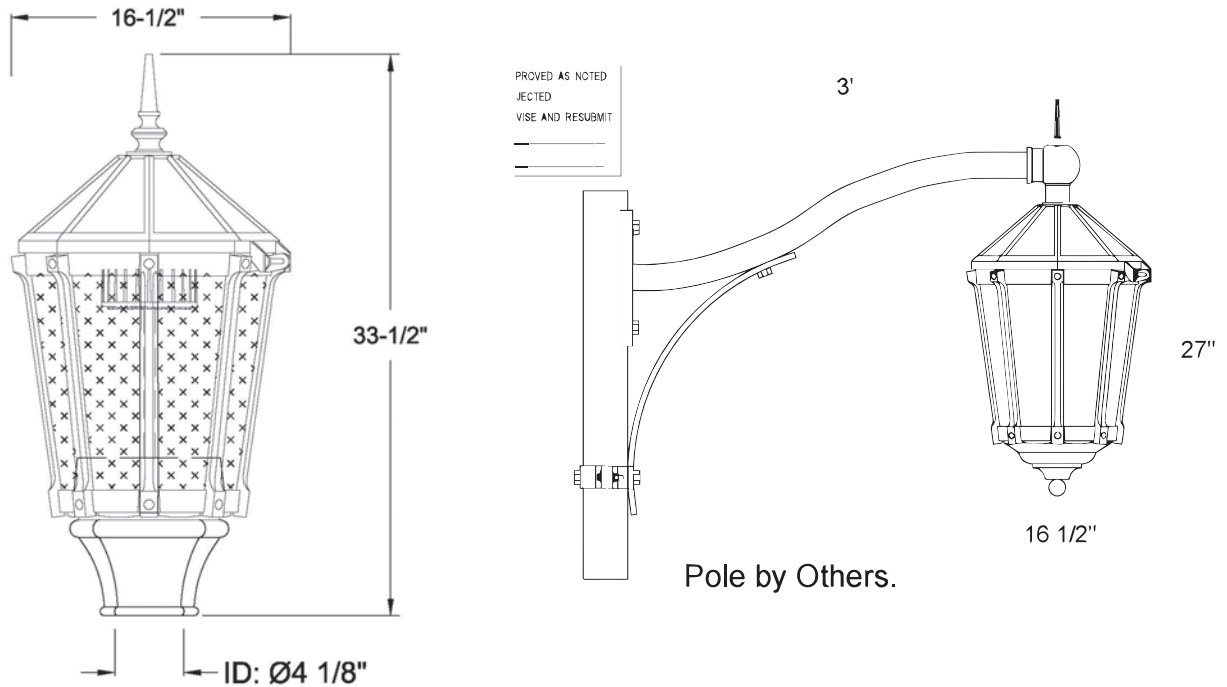

L70 at 50,000 hours with CRI 70.

Exterior Design & Finish

Luminaire is designed to fit post top mounting or pendant mounting with our ornamental arms and poles, and is suitable for wet locations. Finish is electrostatically applied with thermoset polyester powder-coat.
