

F154 LED Series Post Top

Description

The F154 Series luminaire shall consist of an injection-molded UV stabilized globe, a spun aluminum hood assembly, an aluminum cage, an internal optical system and a mechanically fastened slip fitter (capital). The aluminum cage shall consist of eight cast aluminum struts and a cast aluminum ring jig-welded together. The cage shall be mechanically fastened to an extruded aluminum slip fitter with three stainless steel socket set screws. The fitter shall house an LED assembly, which shall feature quick disconnect plugs for easy maintenance. The LED shall be factory wired, tested and mounted on a keyholed cast aluminum plate. All electrical components shall be UL listed and labeled.

Specification

Housing

Made from heavy duty cast aluminum to withstand harsh weather.

Hardware

All exposed hardware is made of durable stainless steel, with industrial strength seals.

Interior Design & Optical

Energy efficient LED driver is mounted on a removable plate, with quick disconnect wiring to allow easy driver maintenance.

L70 at 50,000 hours with CRI ≥ 70 .

Exterior Design & Finish

Luminaire is designed to fit post top mounting or pendant mounting with our ornamental arms and poles, and is suitable for wet locations. Finish is electrostatically applied with thermoset polyester powder-coat.
