

F178 LED Series Pendant

Description

The F178 Series luminaire shall consist of an injection-molded UV prismatic diffuser and a spun aluminum shade assembly. The hinged refractive diffuser shall be secured with stainless steel hardware. The LED shall feature quick disconnect plugs for easy maintenance. The LED shall be factory wired, tested and mounted on a keyholed cast aluminum plate. All electrical components shall be UL listed and labeled.

Specification

Housing

Made from a spun aluminum to withstand harsh weather.

Hardware

All exposed hardware is made of durable stainless steel, with industrial strength seals.

Interior Design & Optical

Energy efficient LED driver is mounted on a removable plate, with quick disconnect wiring to allow easy driver maintenance.

L70 at 50,000 hours with CRI ≥ 70.

Exterior Design & Finish

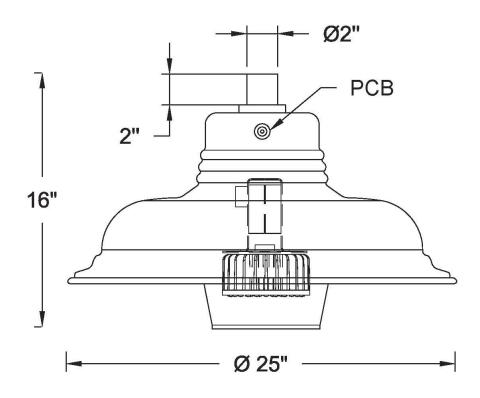

Luminaire is designed to fit post top mounting or pendant mounting with our ornamental arms and poles, and is suitable for wet locations

Finish is electrostatically applied with thermoset polyester powder-coat.
